### **Vello A. Kuuskraa of Advanced Resources International, Inc. Appointed to the University of Wyoming Energy Resources Council**

Vello A. Kuuskraa, President of Advanced Resources International, Inc. was appointed to the University of Wyoming's Energy Resources Council by the State of Wyoming's Governor Matthew H. Mead.

Mr. Kuuskraa has over 40 years of experience with oil and natural gas resources and extraction technologies. In addition to his new appointment, he currently serves on the Board of Directors of Southwestern Energy Company (SWN), on the Board of Directors for Research Partnership to Secure Energy for America (RPSEA), and on the National Petroleum Council.

Advanced Resources International, Inc. (ARI), is a research and development firm providing services related to unconventional gas (gas shales, coalbed methane and tight sands), enhanced oil recovery (EOR), and carbon capture, utilization and storage (CCUS) headquartered in Arlington, VA with offices in Houston, TX and Knoxville, TN. More information about ARI and its services can be found on their site at [www.adv-res.com](http://www.adv-res.com).
